For Santa loves all
and he's happy to say.
His present of love is here to stay.

Jungle Cubs Christmas Story Book!

Written by Jeff Neale

In every corner of the
jungle at night

Christmas was coming
in joy and full flight.

Little baby bears all
waking to see

a bright jolly Santa
dancing with thee

Can you find all the Present?
How many are there?

At the edge of the
jungle
Young lions looked out.

A giggle and yell!
then a big shout.

Santa! they said with
chatter and Glee

How many presents
have you gotten for
me?

Create a Chirstmas Tree with hand prints

In the tree's up above
The Cheeky monkeys
ran free

Hoping to catch Santa
Before he could flee

Not sure what he does
but happy to say
Come climb in the tree's
Santa

We want you to play.

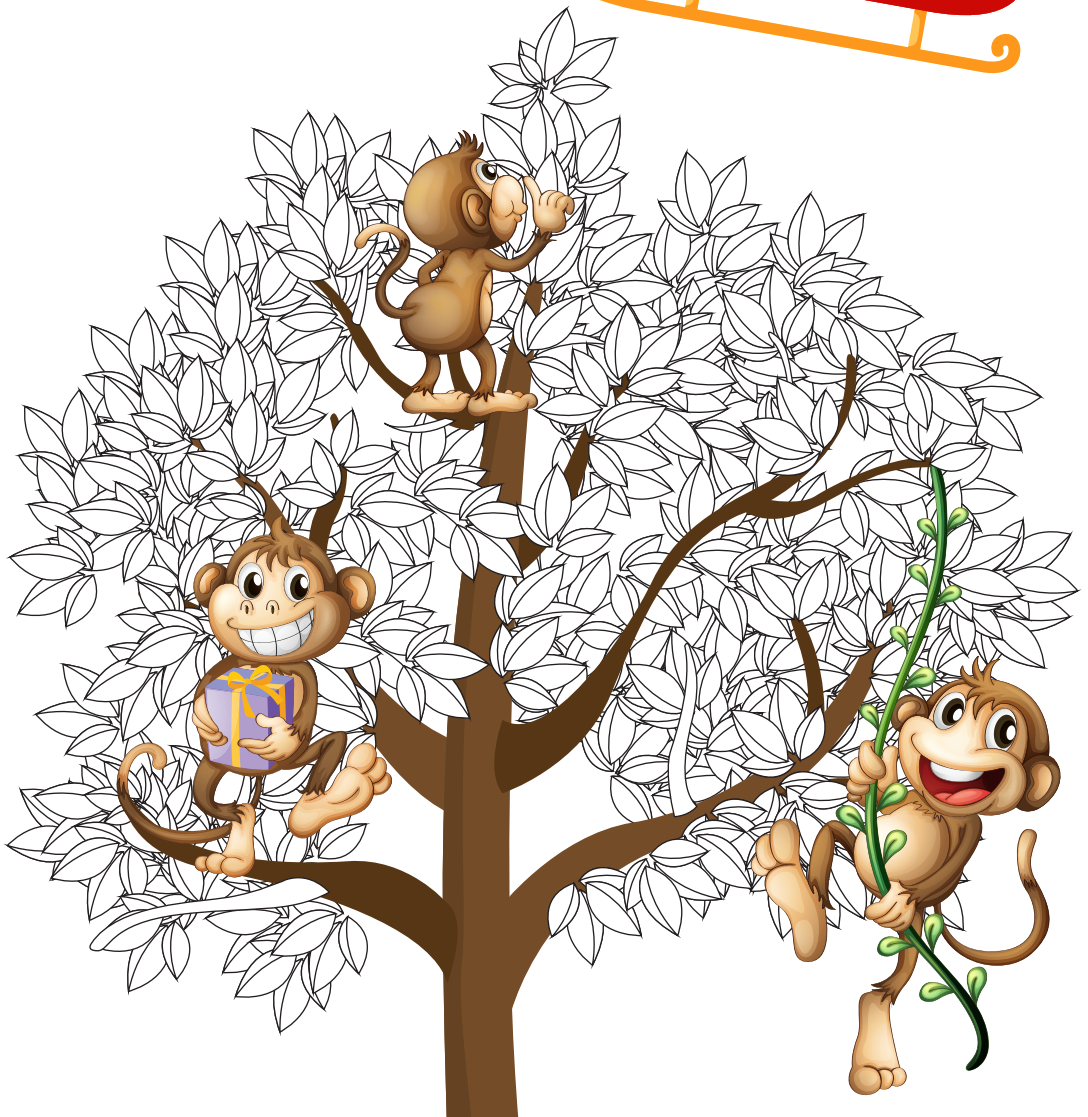
Trace the letters!

Young Tigers full of Joy looked
to the moon,
As Santa's kind reindeer
quietly swooned.

Santa's big laugh, it echo's so
loud!
Shaking jungle and most of
all ground

Inquisitively looking to see
What had Santa got for
thee!

Colour the leaves with finger prints



Little meerkats sat excited
at the top of the mound

Ready to escape and
back underground

Waiting see Santa's Xmas
Sack
To be put on the ground

Presents for all,
if the sack is to fall!

How many Meerkats can you see?
